## Stone Help Line Corporation

**M**r. Mohan Bohara owner of Stone Helpline Corporation stands as the driving force behind the STOMIN INDIA EXHIBITION, showcasing its prowess as a premier organizer in the realm of Stones and Technology events. As an affiliated entity of ARPIT PUBLICATIONS, a stalwart serving the Stone and Technology sector since 1998, Stone Helpline Corporation shares a rich lineage of expertise and commitment.

ARPIT PUBLICATIONS, renowned as the publisher of Stone World Magazine DECORATIVE STONES, has been a beacon of knowledge dissemination in the industry. Since 1998, the publication has delivered numerous Information Pages focusing on specialized sectors, presented Six Volumes of Floor Patterns Guides, and curated a plethora of other informative resources.

Stone Helpline Corporation, with a track record of excellence, has successfully orchestrated four noteworthy exhibitions for Stones and Technology. The inaugural event took place in Rajsamand (Oct 2017), followed by a second in Udaipur (Oct 2018), third in Rajsamand (Oct 2023). and forth edition at Rajsamand 2024. Each exhibition achieved remarkable success, leaving an indelible mark in terms of facilitating business opportunities for exhibitors and drawing significant footfalls from engaged visitors.

### THE CORE OBJECTIVES

The core objective of STOMIN INDIA EXHIBITION is to elevate business prospects to new heights, offering a competitive edge in the market. The underlying concept is to forge a robust platform that encompasses the entire stone industry of India. Recognizing the global landscape, Stone Helpline Corporation holds the belief that where there is business potential, participation knows no bounds – a philosophy that extends to overseas buyers seeking valuable opportunities within the Indian industry.

THE BUSINESS BOOSTER

## Exhibition

The Stomin India Exhibition is a premier event in the Indian stone industry, showcasing the latest trends, technologies, and innovations in the field. The exhibition brings together manufacturers, suppliers, architects, designers, and other industry professionals to network, learn, and explore new business opportunities.

Held annually in Rajsamand (The Stone mining and trading hub), the Stomin India Exhibition features the display of stone processing machinery and related products and services with a future plan to add vast display of natural stones, engineered stones, value added Stone products, handicrafts and others. Stomin India Exhibition provides a platform for exhibitors to showcase their products, demonstrate their capabilities, and connect with potential customers.

The exhibition also plans to host a series of seminars, workshops, and conferences, where industry experts share their insights on the latest developments, challenges, and opportunities in the stone industry. These sessions will provide valuable learning experiences for attendees, helping them stay updated on industry trends and best practices.

Over the years since 2017 the Stomin India Exhibition has established itself by organizing 4 successful events in 2017, 2018, 2023 and 2024 as a key event in the Indian stone industry calendar, attracting visitors from across the country and beyond.
